# If I can read their minds,...

Outside Paddington Station, London.  
May 2025.

Tiger: We are all ready for the tea party cum meeting. But who are we waiting for (Pointing at the two seats not taken yet)? Humans?

Rhino: Why bother ? Humans are autocratic, domineering, and indifferent to our call for rights.

Elephant: They decide on whether we are endangered species or not.

Monkey, zebra and giraffe: They lock us in cages in zoos.

Pig: They regard me as food, not an animal.

Dog: So what should be our subject of discussion in this gathering indeed?

**All:** How we can get rid of humans.

# Not just a keepsake.

- What a beautiful crossover of a Holland clog and Miffy !
- Neither dominates the spotlight of the national icons.
- Wow, but you may fall on its function of a penny bank !
- No matter you are a fan of Miffy, a culture explorer, or a practical consumer, this is not just a keepsake.

# The eye catcher

When I hold a camera towards a bush, my eyes usually cast on a flower in full bloom.

In this photo, I shift my focus to a flower with buds.

There is something I have never thought about buds. They smell fresh and look naïve, with covered potential, representing a symbol of future bloom, and the nature of a young child.
